

# SA DRUM FIXTURES

## Application

Economical and efficient design for quality lighting in commercial and institutional and residential surface mount applications. Uses compact fluorescent lamps. Ideal for halls, closets or anywhere as an incandescent replacement.

## Construction

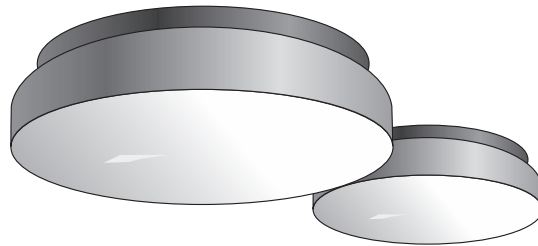

Ultra shallow, die-formed code gauge steel housing, holes and keyhole slots for mounting and electrical connections provided.

Fully luminous, translucent white molded .080 round diffusers for uniform low brightness lighting. A stainless steel finished knurled set screw secures diffuser to housing permitting no-tool access to the housing for re-lamp

The durable surface is highly resistant to scratching and non-abrasive cleaning solutions, making the luminaires easy to clean.

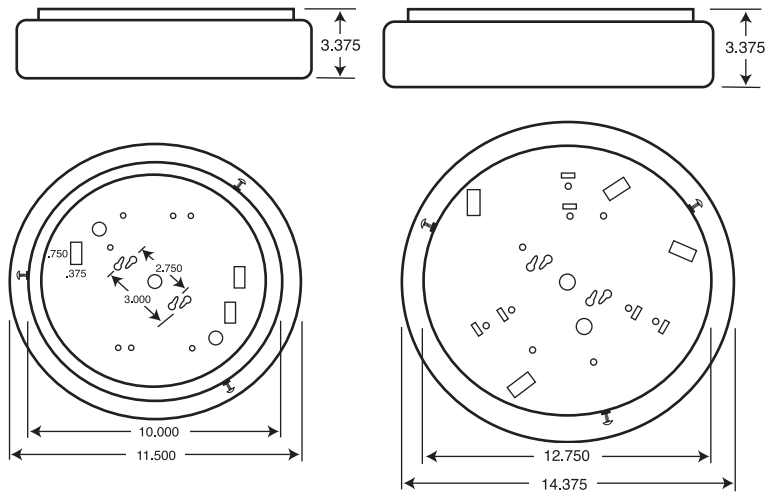

## Electrical

Magnetic open core and coil unit, or rapid start electronic ballast available.

*Industry Leaders in Customization + Lead Times for Over 25 Years*

## Ordering Guide
